2016 Barracuda Swim Meet Volunteer Descriptions

Stroke and Turn (aka Parent Official)

Observe each race to ensure swimmers are in compliance with the rules of swimming. Should a violation occur, record the infraction and other necessary information on a disqualification slip. You can learn everything you need to know to do this job at our parent volunteer session on June 1. Please contact a club rep!

Timers

There are two timers on each lane, one from each club. Operate stopwatch to time each race; then if chosen, record result on lane/timesheet. Must be able to stand for the duration of the meet, and not mind getting splashed. This is the best spot to watch the action.

Finish Judges (aka Pick Across)

Observe and record the order of finish (first, second, third, etc.) for each race. There will be one volunteer from each club (one will observe the finish; the other will record the results on a pre-filled card).

Runner

Responsible for collecting and delivering all the lane sheets, disqualification cards, and finish judge cards to the scorer's table after each event.

Bullpen

Assist in the collection of swimmers into the bullpen area when it is time to line up for a particular event. Line up swimmers in lane number order and escort the swimmers to the pool area.

Computer

Assist the volunteer trained in the "Meet Manager" software by organizing lane sheets, disqualification slips, and finish judge cards by heat and lane number.

Ribbons

Affix results stickers to ribbons. Sort the ribbons first by team, then the RSC ribbons by swimmer's last name. File the ribbons in the family folders. This position may require that the volunteer stay longer than the conclusion of the swim meet. But it's fun.

Hospitality

Assist the hospitality chair in distributing water and snacks to the volunteers during the meet. This person does not purchase the food and beverage, just helps giving it out. Sure fire way to popularity.
